

On This Side Of The Sun

By Phat

For years men have been breaking horses. With all of the tracks running full blast with the end of the war—now it's the horses' turn. . . . Reminds me of a song I heard the other night. The last lines went something like this: "When humans bet on horses, their castles go up in smoke, but horses never bet on men, that's why they're never broke." . . . On the day that Japan signed the peace pact, Total Victory won a race at Cleveland and Pearl Harbor came in third. . . . That's enough on the horses, let's dismount.

THE VILLAGE — Jimmy Shea writes from Missouri that he hopes to be riding down Palm Canyon drive soon "in a sport shirt." Wonder how many miles he gets to a gallon in that model. . . . Add to the list of Village celebrities home from the wars—Maj. J. H. Downey, Army Air Corps. . . . Ruby of the Dunes is a grand-pa. His daughter, Suzanne Kout of Miami Beach, gave him that distinction with twin boys this week. . . . They tell this story on Clarence Hyde. Up at Idyllwild with the rains beating down, he got an invitation to go to Del Mar. So he picked a lot of mudders. When he got to the track it was dry and lightning. Hyde denies it. Says he did it right. "Hyde is always right on the hides," he said.

MUSIC — Don't know what was on top on the Hit Parade last week. Just as they got to the top three, the program was interrupted to bring the Japanese surrender ceremony to the public. It was MacArthur's Hit Parade and the top tune was a medley of Missouri Waltz and the Japanese Sandman. . . . Sil Silver at the Rainbow Room is right back in stride. He was here when the desert was full of Gen. Patton's men training for battle. He recalled that period by playing "They Tried to Make a Tanker Out of Me" the other night. . . .

THE MAIL — Bill Thompson, now at Crestline in the San Bernardino mountains, sent three post cards this week. All were of Pinecrest scenery, taken in the middle of the winter. On the pictures of the great snowbanks, he wrote: "How's the weather in Palm Springs?" . . . From Crystal Bay, Nev. comes a card from Harold Maundrell. Remember him? It was one of those great big post cards and he wants to be remembered to all of his Village friends. . . . Am really disappointed. Nobody took the time out to insult me this week.

THOUGHTS — A few meditations while sitting at a decorous meeting this week, hoping that it was only a bead of sweat and not a bug, rolling down my back. . . . Wood's point at Laguna at high tide with the spray soaking my sweat shirt, trunks and exposed portions of the body—the surprised look on Oscar's face as he tried to retrieve a snowball I tossed for him in Ice House canyon—the roaring fireplace at Hugo's old spot at Camp Baldy with the snow falling outside—yard-long icicles at the El Tovar at the Grand Canyon in February, and the hiss of the radiator as I debated for an hour whether to get up and try to close the windows—the gurgling which indicated the Collins was gone while watching the blue Pacific from Malibu. . . . It was only 114 here and by judicious wiggling discovered it wasn't a bug after all.

THIS AND THAT — Liked that sentence by President Truman last week: "We will never forget Pearl Harbor and the Japanese will never forget the U.S.S. Missouri." . . . Also Gen. MacArthur's closing sentence — "The service men and women are coming home—take care of them." City Attorney Roy Colegate also used the proper word this week. In commenting on the number of liquor licenses here he said they had reached the "saturation" point—he meant the spots, not the patrons.

ODDS AND ENDS—City council is meeting in the afternoon now, but the clock in the council chambers still points to 7 o'clock. It has for the past two months. . . . Peter DiCicco, swimming and diving instructor, is back in town ready to do his stuff at the Desert Inn when that spot opens. . . . Went to Los Angeles Labor Day week-end to get away from the heat—and ran into the hottest weather they've had since 1885. Worse than here.

IN CLOSING — Sunday California will be 95 years old. That makes next Monday the last holiday until October 12. Then there won't be another until Nov. 11, also a Sunday. Maybe a job in the bank or at the city hall wouldn't be so good, after all.

See Busiest Year Ahead For Village

New Chamber of Commerce Secretary Assumes Duties

Harry C. Harper, new executive secretary of the Palm Springs Chamber of Commerce Tuesday officially took over the job and at once got down to business preparing for what he predicts will be one of the busiest and biggest seasons in the history of the Village.

Mr. Harper was formerly secretary of the Riverside County Chamber of Commerce.

MANY FACTORS AID

He bases his belief that the coming season will be the most active on many factors. First, the reports of eastern travel agencies which indicate that all who can possibly do so, plan to visit southern California. Many vacations, deferred by the years of war, will be spent in the southland. Highways are jammed with people moving east from California war plants and people moving west to spend accumulated vacations.

SHORT TERM VISITS

Then, the lifting of gasoline rationing will free many automobiles which will be driven to the west. The end of gasoline rationing will also mean more short term visitors in the Village.

They are already rolling in, he said. The rush to build will also contribute to making this an active Chamber of Commerce year, Mr. Harper said. The board of directors of the Chamber is most interested in seeing that the development is in an orderly fashion.

PALM SPRINGS TYPE

Efforts will be made to see that construction, so long held up by the war, will be in keeping with the Palm Springs style and tradition and with local regulations. Buildings which jeopardize Palm Springs values or does not follow a high standard will be opposed.

Board of directors of the Chamber are planning to do all within their power to maintain the present high standards of Palm Springs, said Mr. Harper. He added that the directorate was an

(Please Turn to Page 4)

Anyway, He Enjoyed the Boat Ride

It was a real nice boat ride. So says Peter B. Sheptenko, local real estate broker, who ALMOST went overseas.

The Villager, who has been in the Army for more than two years and who recently was stationed at Washington, D. C., was assigned last month for duty in the army of occupation in Japan and shipped to Seattle.

WIFE VISITS HIM

Mrs. Sheptenko left the Village to visit with him before he sailed. When his ship set out for Japan, she came back to the Village.

Practically at the same time she reached here, came a wire from husband Pete. He said he was on his way to a separation camp and would be out of the Army soon.

FIFTY PER CENT

In the meantime the Army had ruled that since the Villager was in the proper age bracket and had sufficient time in service, he was due for a discharge. Of all of the men on the ship who returned to Seattle, just two qualified—and Sheptenko was one-half of that quota.

So he'll be home soon.

New Hotel And Club Under Way

Work was started this week on a new \$150,000 development project including a hotel, bungalows, club house and skeet and trap ranges on Section 35, northeast of Highway 111 just east of Cathedral City. Mr. and Mrs. David Frank of Glendale are owners of the project.

Workmen this week started grading roads leading to the project and the first of three proposed wells was being sunk at the site.

According to drawings of the project it will include 40-room hotel in artistic design, ten bungalows, a club house, a home for Mr. and Mrs. Frank, five skeet and five trap ranges, poultry yards and a dairy barn for the hotel's use and gardens. It covers an entire quarter section.

Claude Cobb and W. R. Hillery formerly owned the property and the sale to Mr. and Mrs. Frank was handled by Raymond Cree.

The ranch will be known as Rancho de Las Escopas and principal guests, it was said, will be members of a Los Angeles and a Long Beach shotgun club.

Mr. Frank is owner of an extensive machine works in Glendale and during the war manufactured vital airplane parts.

Site of the new hotel is east of the DeVall ranch and near the Wonder Date Garden.

Feelings Not Candidate for County Board

If Robert E. Dillon, Beaumont, present chairman of the county board of supervisors, is a candidate for re-election — and everything indicates he will be — not only will Palm Springs not put a candidate in the field for that post but the Village will back Dillon for the job.

That was the content of a letter from Gordon E. Feelings of Palm Springs, made public in the county seat Tuesday.

RUMORS SPIKED

Mr. Feelings' letter was made public after persistent rumors in the county seat that the Village was grooming a candidate to represent the fourth district on the board.

Mr. Feelings said in his letter that some time ago he was approached by several people from different towns in the district asking him to become a candidate for the post in the event that Bob Dillon would not be a candidate for re-election.

"Under these conditions I became interested and after an

Mrs. Kocher Bride of Marine Corps Sergeant

Mrs. Clara Kocher, prominent Villager, and Steve L. Vidosics, United States Marine Corps, were married last Thursday at the First Presbyterian church in San Diego, according to announcement made here this week. Dr. Coyle, pastor of the church, officiated at the high noon ceremony.

Sgt. Vidosics is the son of Mrs. Ruth Vidosics of Geary, Indiana, and was employed by the Carnegie of Illinois Steel Corporation before his enlistment in the Marine Corps on March 18, 1942. He went overseas on May 5, 1943, with the First Regiment, Second Battalion, First Marines.

He holds many honors as result of his war service: the Presidential Citation, Purple Heart with two Gold Stars, Naval Unit Citation, American Defense Ribbon, Asiatic Pacific Ribbon with four Battle Stars. His last engagement was on Okinawa. It was there that he was recommended for the Bronze Star Medal.

He is at present on a 30-day furlough after which he will report to the Marine Air Base at El Toro, Calif.

Sgt. and Mrs. Vidosics are spending their honeymoon at the Beach Club at La Jolla, Calif.

City, Chamber Join in Move For Airline Service

Army May Keep Port Permanently

Perfect Flying Weather Basis for Prediction

The Palm Springs Army Air base will be the last airfield to close and may be retained as a permanent base by the Air Transport Command Army Air Forces, according to Colonel Robert J. Goewey, commanding officer of the 5th Operational Training Unit, who has just returned from Ferrying Division Headquarters in Cincinnati, Ohio.

DISPELS RUMORS

He indicated that 1400 pilots are needed to man transport C-47s helping in the deployment and hospital evacuation and to facilitate the discharge of soldiers that have to be transported by air from East to West and West to East within the continental limits of the United States.

He also squashed all rumors relative to the disposition of the base and discharge of civilian employees, who he said, would instead be increased in number to take the place of soldiers being discharged under the point system and age.

IMPORTANT JOB

"I would have liked to talk to each one of you individually to tell you of the future plans of this base," Colonel Goewey said in the opening words of his address, "that's how important I feel the job ahead of us should be stressed. However, inasmuch as that is impossible you have all been assembled here."

He praised the loyalty and untiring efforts of both the military and civilian workers in their contribution to the success of the mission of the 5th Operational Training Unit, and urged the

Famous Desert Circus Will Be Revived Next Spring, C. of C. Decides

At an enthusiastic meeting, Chamber of Commerce directors Tuesday night set the new season in motion with much business transacted and plans for revival of many famous Palm Springs features, including the Desert Circus, were discussed.

Fourteen directors were present. Harry C. Harper, executive secretary and Miss Ruth Jones of the Chamber office staff and five guests were also there for the dinner meeting. President Robert Ransom presided.

NEW MEMBERS SEATED

Mrs. Melba Bennett and M. A. Charlston, recently named directors, were welcomed to the board. Captain Frank Bennett, long with the U. S. army air corps and stationed at March Field was a guest and introduced Mr. Ransom.

Plans for a harness racing meet here were tabled by the board after a brief discussion by a Mr. Cole, representing the Mutual Guild.

Earl Coffman brought the board up to date on Tramway matters and action was taken to obtain a print of the Franconia Notch tramway in New Hampshire for local use. Earl Strebe was delegated to take care of this matter.

OCTOBER 9 BIG DAY

October 9 was set as the date for the proposed Chamber of Commerce day which will wind up with a big barbecue such as proved such a great success in the spring.

On Chamber of Commerce day business houses will close for a half day and there will be a general meeting at Frances S. Stevens school preceding the Moonlight Barbecue.

It was also decided to "go western" on that day and western garb, such as featured last year's Los Compadres club's highly successful Western Week, will prevail. Prizes will be given those attired in the best costumes. Los Compadres club, which is planning a big western week this fall to open the season, will be invited to take part in the day.

TO LIST HIGHWAYS

W. R. Hillery of the highway committee reported on improvement of local roads and on his recommendation a list of needed projects here will be prepared and sent to Robert E. Dillon, local district supervisor and chairman of the county board.

Five New Teachers Join Desert School District Staff For Coming Term

Plans for the re-opening of the Desert School District schools were announced today by Miss Katherine Finchy, superintendent. The schools in the district will open Sept. 17 for the new season, and a record-breaking attendance is anticipated.

The staff of teachers has been enlarged by five, Miss Finchy said. Two new classrooms have been added to Cahuilla school, two to Frances S. Stevens school and a one-teacher school has been opened at Desert Hot Springs.

REGISTRATION SET

Registration of pupils in the district has been set for the week of Sept. 10 to 14 with pupils at the Frances S. Stevens, Cahuilla school and Nellie Coffman school registering at their respective buildings between 9 a. m. and noon next week, Monday through Friday.

Registration at Cathedral City and Desert Hot Springs schools will be staged next Friday from 9 a. m. until noon.

NEW PROGRAM

Miss Finchy said that an afternoon and Saturday morning recreation program will be in oper-

ation during the coming term with the help of seven regular staff members. The program, to be held at the Frances Stevens, Nellie Coffman and Cahuilla schools, will consist of playground games, arts and crafts, folk dancing and hobbies. Those in charge will be Kate W. Simpson, K. W. Emery, Helen A. Emery, Ruth E. Dinelly, Lila V. Eckert, Robert Grenzow and George Novak.

STAFF COMPLETE

Headed by Miss Finchy as superintendent, the staff of Desert district for the new year is listed below.

Frances S. Stevens school—Eileen Carey, principal; Helen T. Peterson, kindergarten; Jane Titzell, new this year from Inglewood, first grade; Margaret Schmitz, new, from Bakersfield, first grade; Robin Beiscoe from Santa Monica, second; Lila V.

(Please Turn to Page 10)

Nominees For Tram Board Chosen Today

Selection of the Mt. San Jacinto Tramway authority will be made soon after the measure becomes a law on Sept. 15, it was indicated today following action by the Palm Springs Chamber of Commerce this week in suggesting 4 names to the city council and the county-wide committee in submitting seven names to the board of supervisors.

The Tramway authority will consist of seven men, two to be named by city council, two by county supervisors and three by Gov. Earl Warren.

PRESENT FOUR NAMES

Tuesday night the Chamber of Commerce decided on four names to be recommended to city council to aid it in its selection of the two men to be named from the city.

In a letter from Harry C. Harper, executive secretary of the Chamber, the qualifications of each of the four was set forth in a concise manner. Names submitted by the Chamber to the council were those of Earl Coffman, Francis F. Crocker, Nate Milner and John R. E. Chaffey.

TO REPORT SEPT. 19

Mayor E. E. Theriault referred Mr. Harper's letter to the Board of Commissioners for study and report back to council at its next meeting, Sept. 19. At that time, the two men to be named by the city to the tram authority will probably be nominated.

In the meantime, J. R. Gabbert, head of the county-wide committee to study a list of candidates for the two men to be appointed by the supervisors, said that his group had completed its study and had drawn up a list of seven names. Mr. Gabbert's committee held its final meeting Wednesday, he said, in

(Please Turn to Page 5)

Flying Program For City Sought By Army Officer

Application of Capt. Ernest Talmadge, now stationed at the army air base here for permit to operate the former city airport was referred by Mayor E. E. Theriault to the council safety committee for study and report at the next meeting.

Capt. Talmadge, in his application to the city, listed several aims of conduct of the airport, including flying lessons, aerial taxi service, sight-seeing trips, and maintenance of hangars for transient private flyers.

He also plans to conduct an airplane sales agency and also sales of items that go with aviation.

He told councilmen that he had authorization from the American Air Lines, lessees of the old port, to use it if the city approved. He also said that he believed he would get on o.k. from the CAA. Capt. Talmadge said he had surveyed the port both from the air and from the ground, and was certain all hazards could easily be eliminated.

Armand Turomet is chairman of the council's safety committee and the other members are Councilman Culver Nichols, and Ted Martell.

Directors Of Chamber Plan Action

Ask Local Man Be Sent East to Present Case

Action on the airport situation here and on the status of commercial lines seeking to make Palm Springs an important port on their routes both transcontinental and serving the Southland, was taken by board of directors of the Chamber of Commerce, meeting Tuesday evening at the Del Tahquitz.

The matter was introduced by Earl Coffman, who reported on negotiations with the Civil Aeronautics Board and called attention to the recommendation of the CAB examiner that applications of various airlines for service here be denied.

ACTION URGED

Mr. Coffman urged that action be taken by the Chamber of Commerce jointly with the city in protesting the examiner's recommendation. Mayor E. E. Theriault last week said that he was sure the city would take some action on the matter.

It was recommended at the director's meeting that City Attorney Roy Colegate prepare a brief setting forth the city's side of the case, this brief to be presented at the CAB meeting in Washington some time late this month or early in October.

It was moved by Mr. Coffman that the city send a personal representative to Washington to present the Palm Springs case. The motion passed unanimously.

Suggestion was made that Harry C. Harper, executive secretary of the chamber, would be the logical person to send as Village representative in this matter.

COUNCIL ACTS

At Wednesday's city council meeting, councilmen heard Mr. Harper explain the airport and air service situation and voted to authorize preparation of briefs to present the city's case to the CAB and also voted to send Mr. Harper to Washington to present an oral appeal.

Mr. Harper's suggestion that some one from the city staff go to Washington was taken under advisement and will be acted upon at the Sept. 19 meeting.

Treasury Department Exempts Hospital

Florian Boyd, president of the Palm Springs Community Hospital association, received official word this week from the treasury department in Washington, D. C., that the local hospital will be exempt from all federal taxes. He was also informed that persons donating to the hospital may deduct the amount given from their income tax report.

Confidentially, It — Smells!

Councilman Maurice McCann Receives
Rather Pungent Letter from Bishop

From the Bishop Trout, Bear, Deer and Bull Club this week came a letter to Maurice McCann detailing the fishing experiences there early in August of Messrs. Merrill Crockett, Roy Colegate and John Williams.

The letter said that at the request of the local trio, the club was sending a sample of the trout the Villagers caught there.

"They caught several of our fish weighing from one pound to twelve, and we are sending you this sample (five and 11/16 inches long) as an inducement for you to come here, especially as they tell me the enclosed sample is your particular, special and favorite sized fish.

"We have heard of your fame as a fisherman and look forward to a visit from you."

Personally, said McCann, when he opened the envelope and found the fish, he thought the letter stunk.

Lions and Torney Enlisted Men Meet for Softball Title

Palm Springs Lions and Torney General Hospital enlisted men met this week to settle the second half championship in the current softball league.

Lions last week trimmed the EMs 4 to 1 to go a half game ahead but the EMs got back to tie it up when they received the gift of a game from the Air Base Mechanics whom they were scheduled to play Friday night.

The forfeit put the EMs and the Lions on an even basis and they will fight it out this week for the honors.

Torney won the first half of the loop and if they drop the deciding game to the Lions, the latter will be second half champs. In that event it is planned to stage another game to decide the over-all championship for the year.

Gov. Warren In Riverside

Gov. Earl Warren was in Riverside today to confer with county officials on postwar problems and other affairs of interest to the county.

The governor visited San Bernardino county yesterday and spent the day in various communities of that county.

In Riverside today he also conferred with Assemblyman Philip A. Boyd of this city.

Lions Trim Hemet 2 to 1 in Tight Softball Battle

Although Dale, pitching for Hemet, held the Palm Springs Lions to three hits, the local lads defeated the visitors 2 to 1 in a hot ball game Tuesday night at the Field Club by grouping all three of their blows in one inning—the sixth.

An enthusiastic gathering watched the two teams go through six and one-half innings of a pitchers' battle with eight hits accumulated by both teams during the evening.

KEEPS 'EM SPREAD

Thompson, pitching for the Village Lions, yielded 5 hits, but kept them so scattered the visitors were able to register but once. In the third, Mihalovich, visiting third baseman, reached first on an error with two gone and was batted around by Green's double and Crow's single. Early struck out to end the threat.

Palm Springs tied it up in the fourth when Thompson was issued a pass to first, got around to third on a fielder's choice, and scored on Hinkle's sacrifice, Mihalovich to Hamilton.

WIN IN SIXTH

The game rolled along, sewed up at 1 to 1 until the last of the sixth. Then Callahan got the Village's first hit. Hinkle hit but went out. Callahan got to third when an attempt to trap him failed and Canelas made first. Then Thompson hit safely and Callahan came in with what proved to be the winning run. Dale bore down and fanned the next two, but the game was in the bag.

A return game between the two teams is being arranged for Hemet in the near future.

The line score: H. H. E. Hemet0 0 1 0 0 0—1 5 0 Lions0 0 1 0 1 x—2 3 2

Dale and Crow; Thompson and Canelas.

Dale fanned 9, walked 3; Thompson whiffed 7, passed 5.

The Swift is the swiftest bird. It has a cruising speed of 75 miles an hour, and a top speed of 100 miles an hour.

HESS OUT—Warren B. Pinney, Jr., former Villager, is congratulated by Lt. J. P. Morgan, Oakland Naval Supply Base, as he receives discharge from U. S. Navy.

Warren Pinney Jr. Among First Ten to Get Discharge

Lt. Warren B. Pinney Jr., son of Mr. and Mrs. Warren Pinney, formerly of the El Mirador hotel here, now Torney General Hospital, was among the first ten officers at the world's largest naval supply depot at Oakland, Calif., to receive his discharge from the service, it was revealed today in word from Lt. John J. Wiley, public relations officer at the base.

Lt. Pinney was first commissioned on May 26, 1941, and returned to civilian life this week under the navy's present point system, from among 600 officers serving at the Oakland base, most important of all navy supply activities.

Prior to being stationed at the Oakland supply depot, as Pacific fleet liaison officer, Lt. Pinney served as assistant supply officer and supply officer of the U.S.S. Harris, a navy transport vessel. Lt. Pinney's present home address is 939 Figueroa, Los Angeles.

Boys' Club Ball Team Evens Up Score, 6 to 4

The Palm Springs Boys' club baseball team evened up affairs with the air base civilians Friday night when they took them 6 to 4 to reverse the decisions of the week before when the older team trimmed the boys by the same score.

Tonight the two teams will meet in the rubber game to decide the series.

Bob Marquez did the chucking for the Boys' Club and did an excellent job of it.

We never used to be able to find grandma's glasses, but now she just leaves them where she empties them.

Sailor, walking into recruiting office: "Gimme that ol' sales talk again. I'm gettin' kinda discouraged."

He is the nephew of Judge Guy Pinney of Palm Springs.

Boys' Club Puts In Busy Evening Shifting Desks

Members of the Palm Springs Boys' Club huffed and puffed last night. Meeting at the Chamber of Commerce, they were put to work by Frank Partridge, their sponsor, moving desks and rearranging furniture for Harry C. Harper, executive secretary, and Miss Ruth Jones, his assistant.

Miss Jones told Mr. Partridge yesterday how the desks should be arranged and the latter had a fine time bossing the job last night.

The huffing and puffing followed a session in which the boys weighed in to be classified for coming boxing bouts. Gloves have been donated and the youngsters are preparing to learn how to feint, duck, dodge and sock.

A large turnout was present last night to greet Mr. Partridge, chairman of the Lions Club Youth Activity committee.

"You ought to put your foot down and show your wife who is running things at your home." "It isn't necessary. She knows."

Travel being what it is, lo, the poor Indian, is the only one sure of a reservation.

Aquatic Stars To Perform Here

Patients and command personnel of Torney General Hospital will make up the audience at a special performance to be given by the Hollywood Aquatic Show Sunday afternoon in the famous pool of the hospital. Ted Williams, swimming coach at Beverly Hills Hotel, who arranged the event to begin at 2:30 o'clock will be Master of Ceremonies.

Featured in the meet with the Los Angeles Water Ballet and the Aqua Maniacs will be Brenda Helsler, holder of the 200 meter free style, world's championship; Norman Speers, Jr., National low and high diving champion; Ginger Hunt, state swimming champion and Larry Elliot, eleven year old swimming sensation.

"Mabel, who broke that chair in the parlor last night?" "It just collapsed all of a sudden, Dad, but neither of us was hurt."

Husband: "I've got to discharge that chauffeur of mine, he's nearly killed me four times." Wife: "Oh, give him another chance."

For Essential Transportation—Yellow Cabs. Phone 4444.

Youths Reaching Age of 18 Must Still Register

Lyle Sanard reminded youths of the Village today that they still must register for selective service on the day they become 18 years of age.

Mr. Sanard, who is draft registrar for Palm Springs, said that youths should register with him at his home, 1144 San Jacinto way, on their 18th birthday. If the 18th birthday falls on a Sunday or a holiday, they may register the next day.

Muriel Fulton Back From East

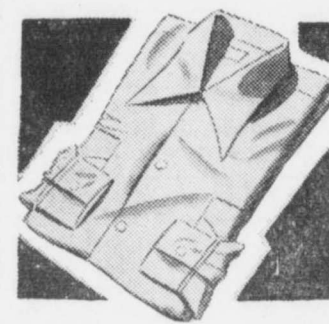

Muriel Fulton, well known Village realtor, returned this week from a combined business and pleasure trip, which took her as far as New York and other eastern coast points.

She also visited in San Francisco and Beverly Hills.

Her office at 482 North Palm Canyon drive is now open for the new season which, she expects, will be the busiest in many years.

For Essential Transportation—U-Drive Cars. Phone 4444.

Needn't Save Gas Coupons, No Help in Getting Tires

Throw 'em away.
Your gasoline rationing cou-
pons can be tossed into the dis-
card, according to the OPA. You
won't even need them to get a
tire certificate, according to
word from the Los Angeles OPA
office received here this week.
Passenger and truck tires are
still being rationed, but certifi-
cates will be issued on the basis
of occupational needs with eligi-
bility no longer based on whether
the applicant had a B or C
coupon book.

Charles J. Burkett was in the
Village Wednesday to attend the

Red Cross Mobile Blood Unit to be Stopped Word Here

City health offices were not-
ified this week that the American
Red Cross Mobile blood donor
unit, which has been visiting
Riverside periodically for the past
two years, has been discontinued.
Many Villagers made regular
trips to the county seat to donate
blood under guidance of Mrs.
Madge Holderman, public health
nurse here.

The permanent blood donation
center in Los Angeles will re-
main open, Mrs. Holderman was
advised, until further notice for
collection of 'O' whole blood.

During the period in which the
mobile unit visited Riverside,
5563 pints of blood were donated
by county residents for battle-
field transfusions to members of
the United States armed forces,
it was reported.

Dr Macartney to Return to Pulpit on September 23

Dr. John Robertson Macart-
ney, pastor of Community church
plans to return to the pulpit at
the local church for the new sea-
son, Sunday, Sept. 23, he said
this week in a note from Forest
Home in Mill Creek canyon,
where he has been spending
most of the summer.

Dr. Macartney returned to the
mountain resort this week after
a visit in the San Francisco bay
area where he was joined by
Mrs. Macartney who spent the
summer visiting in the east.

MANY FROM VILLAGE

Last week several young peo-
ple from Palm Springs spent the
week at Forest Home, combining
an outing with attendance at the
Bible conference there. They
were part of a group of 300
Southland young people in at-
tendance at the conference. Ma-
dam Petrova and Samuel D. Ar-
ner accompanied them as coun-
sellors.

Villagers spending the week in
the mountains were Mabel Pot-
ter, Betty Jane Rust, Dianne
Crandall, Dixie Smith, Cherie
Washburn, Nancy Nye, Dick
Doro, Don Williams, Bill Hoppe,
Gordon Brady, Leslie Whitaker,
Terry Flynn, Bobby Flavin and
Leon Helmas.

HEAR FINE TALKS

Many prominent speakers, in-
cluding Dr. Warren, president of
Whitworth college at Spokane,
Wash., and the Rev. Robert Mun-
ger of the North Hollywood Pres-
byterian church, addressed the
group.

At the Victory Circle service
Friday night, scores of the young
people pledged their lives to the
service of the church, planning
to shape their education to fit
them for the pulpit, missionaries
and Christian work in various
lines.

Rev. Hogarth to Return Wednesday for Coming Season

The Rev. Robert M. Hogarth
will arrive back in Palm Springs
for the new season next Wed-
nesday, according to word to
parishioners here.

He has had a busy and inter-
esting summer, substituting for
clergymen in various Southland
parishes, with rest and recrea-
tion in between Sundays. In July
he was at St. Luke's, Long
Beach; in August at Fullerton
and Compton; and Sept. 2 and 9
at St. James on Wilshire boule-
vard, Los Angeles.

Monday and Tuesday of next
week he will attend the annual
Clergy conference at Harvard
School for Boys, North Holly-
wood.

St. Paul's in the Desert, Epis-
copal church of which Rev. Ho-
garth is vicar, will reopen for the
new season Sept. 16.

Mrs. Belyea Plans Return to Village

Mrs. T. M. C. Belyea, well-
known Village winter resident,
who has been spending the sum-
mer in Beverly Hills, feels the
urge of Palm Springs.

She will be back next month
to spend the season here.

For Essential Transportation—
U-Drive Cars. Phone 4444.

Full of Prunes and Glad of It Writes Pastor of Community Church, Visiting Real Ranch in North State

By DR. J. R. MACARTNEY,
Pastor, Community Church.

Full of prunes!

Never knew there were so many. Never drove through air
fragrant with the sweet odor of prunes drying in the sun. Never
saw school children making twelve or thirteen dollars a day. A
good picker will gather about two tons a day. The lady who put
gas in my car said her two sons made \$110 in 14 days.

Not only prunes—but vast
acres given to hops—every mile
or so, a drying factory.

And apples—single trees, bend-
ing beneath their burden, and
yielding thirty boxes per tree.

LABOR IS LACKING

The labor camps here have
about four months of intense ac-
tivity: peaches, prunes, hops and
canning with apples. The ground
is covered with fruit falling from
the trees because not one-tenth
of the pickers needed are avail-
able.

Just now we are guests of Mr.
and Mrs. George L. Proctor, win-
ter residents of Palm Springs.
Their 1200-acre ranch lies in the
hills about four miles from
Healdsburg. A private road winds
up to the ranch buildings. By
day or by night, the view down
the valley through which mean-
ders the Russian river, is enter-
taining. The lights from several
air fields, a German prison camp,
the headlights on the highway,
the full moon, all the display of
nightly loveliness as far as the
eye can see.

FOLLOW RIVER TO SEA

Yesterday we were driven over
the sheep range. The ranch bor-
ders the Russian river for a mile.
The sheep go down to the river
to water, but will not swim
across. Therefore no fence is
needed on that side of the ranch.

Today we followed the Russian
river as it breaks through the
range to mingle its waters with
the Pacific. For twenty miles
summer houses, swimming places
line the banks of the river. The
redwoods begin here and increase
in size as you go north. There
are vast open air auditoriums in
the woods where programs are
presented for the thousands who

summer here. At the mouth of
the river the government is
spending large sums to keep the
ocean from throwing a sand bar
across which would block the en-
trance of salmon seeking their
spawning grounds. There are sev-
eral fishing villages, but the
trolling boats all rode at anchor
today because the water was
rough and also, because fish do
not bite at the full of the moon.

RICH COUNTRY

We purchased some abalone,
which came out of their shining
shells. The meat is tough until
well flattened and pounded with
wooden mallets.

The whole area for miles is
given over to fruit. Nearby are
grapes. The soil varies greatly in
a short area. Scientific agricul-
ture is at its height here.

Petaluma, Santa Rosa, Healds-
burg — a small and prosperous
city every few miles, all sustain-
ed by the fruits of the soil. I am
told that blossom time here is
worth coming a thousand miles
to see. I should like to bring Fay
Brainard here next spring with
his rare skill in taking colored
movies.

This is a real ranch. No dude
ranch about this. Cows to milk,
chickens' heads to be chopped
off, kerosene lamps to be filled
and lighted. The usual quota of
dogs and cats about the place,
and overall, a warm hospitality
that makes us feel very much at
home. Citified clothing is put
aside. Ranch overalls and shoes
give us the proper feeling.

We who have to live where
many people dwell, scarcely
know the real joys of life where
the wide open spaces welcome
you and the vistas of loveliness
greet the eye and you inhale the
ozone that maketh glad the heart
of man.

Admission Day

Ninety-five years ago, when the issue of admitting California to Statehood reached final debate in the U. S. Senate, a young senator in his first term warned that the future welfare and safety of the nation depended upon possession of the unbroken Pacific shore. The closing sentence of his successful plea is now engraved on California monuments:

"And now it seems to me that the perpetual unity of the empire hangs on the decision of this day and of this hour!"

He was William H. Seward, who, years afterward, as Lincoln's Secretary of State, was criticized for the "folly" of purchasing Alaska!

It is conceivable that upon the decision of that long-gone day and hour hung the outcome of America's war for survival against Japan nearly a century later. California's ports provided the only adequate channel for the colossal torrent of armed might that turned the tide of war. And as if in reward for aiding so greatly the nation's victory, California stands to benefit hugely from peace in the Pacific, as pointed out by Earl Lee Kelly, one of the leaders of modern-day California, who foresaw the State's industrial expansion as Public Works Director, and helped to usher it in.

"This year's Admission Day," says Mr. Kelly, "finds California the heart not only of the great empire of the American West, but also the heart of a new, inestimable Pacific trade empire that will develop, with the paralyzing hand of the Jap stricken from the Orient. Geographically, California is the frontier of America's greatest era of national growth."

The rugged, lusty territory of 95 years ago has grown great—but is still on the march toward the destiny foreseen by wise Henry Seward.

Take Up Fight for Servicemen

The Veterans of Foreign Wars of the United States have taken up the torch for veterans of World War II, and will call upon Congress to approve their proposal that returning servicemen receive adjusted compensation of \$3 a day for home service and \$4 a day for overseas service.

Announcement to this effect was made in San Francisco by Richard H. Newhall, California Department Commander of the VFW, following a communication from Jean A. Brunner, National Commander.

Details of a two-fold plan, sponsored by the VFW, which Congress will be called upon for an early decision, provide:

1. The VFW program to open the industrial job market to veterans by placing them on an equal footing with war workers, through granting of job seniority for the period of service in the armed forces that would be applicable in helping to obtain employment.

2. The VFW plan to provide a post-discharge stake for the veteran, commensurate with the wartime financial advantage accrued by the war worker, consisting of adjusted service pay based on length and type of service.

Adjusted compensation, according to Newhall, would tide the veteran over any imminent emergency. Under the VFW plan, the returning serviceman would receive credit of \$3 a day for home service and \$4 a day for overseas service, with a maximum of \$3,500 for home service and \$4,500 for overseas service, exclusive of \$500 extra credit for those wounded.

"The proposal to keep men in uniform and pay them until they can get jobs," Newhall declared, "is a backhand approach to adjusted compensation. The United States has a grateful obligation to the men who won the war—jobs! There can be no G.I. leaf-raking as substitute."

All the Local News While It's NEWS
THE DESERT SUN

GOING HOME—Mockery of despair on being thrust into an almost forgotten world peopled with civilians was evidenced by the above group of soldiers of Squadron A, 5th Operational Training Unit, Palm Springs Army Air Base, at a farewell swimming party held at Smoke Tree Ranch on Labor Day. Dabbing at their eyes is acting first sergeant S/Sgt. Roger Haggerty and Vassar Szymanski, base mess sergeant, who are being discharged this week. Seated from left to right is S/Sgt. "Swede" Johnson, who still has a few points to accumulate and that faraway look in the eyes of Captain John Bender, commanding officer of Squadron A, is attributed to the confusion in his mind relative to the purchase of a blue pin-striped suit or one of brown. In the act of consoling the weeping sergeant is First Lt. Thomas W. Dwyer, who is slated to step into the shoes of the departing Capt. Bender. Laughing at the whole scene and cock-sure of himself and his future plans is Corporal Clinton Williams, who is also being discharged from the service. (Official Army Photo).

MORE ABOUT . . .

Busiest Year . . .

especially good one, active and highly interested in the future of Palm Springs. Membership rolls of the Chamber now include 400 names.

WORK TOGETHER

Mr. Harper was especially interested in the great numbers of home owners on the list and of the decision of the Home Owners League to affiliate in toto with the Chamber.

"Their objectives and ours are the same and with so many home owners in the Chamber we can better aid them and they can do more for us," the secretary said. "Just as they do, we want to protect their properties and maintain building standards."

He said that the Chamber is just as interested in homeowners as in business establishments. They are all tied together in the welfare of Palm Springs, he said.

MUCH RIVALRY SEEN

Mr. Harper pointed out another task ahead of Palm Springs this winter. The Village is known as the foremost winter resort in the United States but it cannot coast along and maintain that reputation. With the end of the war, the competition for the tourist trade will be tremendous throughout the southwest. Arizona, he said, is subsidizing the tourist business from the state on down through all political subdivisions. Other southland spots were also preparing a great bid for the thousands of war-freed vacationers will head in this direction.

BOOSTS TRAMWAY

He said, however, that Palm Springs had one advantage, a "natural" in attracting visitors, the aerial tramway to the winter playgrounds.

"I took that two-day tramway Victory ride recently and I want to say that the view from the upper terminal of the tramway is breath-taking. It is going to draw thousands who'll want to see it," he said.

Mr. Harper's family is expected to join him here Sept. 15.

Customer: "Do you remember that cheese you sold me yesterday?"

Grocer: "Yes."

Customer: "Did you say it was imported or deported from Switzerland?"

First Drunk: "Look at that sign."

Second Drunk: "Whazzit say?"

First Drunk: "Shays ladies ready to wear clothes."

Second Drunk: "Well, ish about time ain't it?"

Torney Hospital Post Theater To Open on Friday

Plans for the opening of the new Post theatre at Torney General Hospital Friday night are under way and engineers are busy with last minute details necessary for completion of the interior.

Equipped with the latest sound system and high intensity arc lamps, the air conditioned theatre has a seating capacity of 350. Doors will be open to patient personnel for the first showing of Rhapsody in Blue at 5 p. m. and command personnel will attend the second showing to begin at 7:30 o'clock.

The theater's schedule includes three daily showings with five different presentations each week.

New Internal Revenue Office Opens in Riverside

Official dedication of the new offices of the Riverside major zone branch of the Bureau of Internal Revenue will take place at 4:30 p. m. today, according to an announcement by William H. Speck, deputy collector in charge. The new quarters are located at 3540-44 Ninth street.

The new Riverside Internal Revenue office, just opposite from the present quarters in the post office building, was especially built by T. C. Pritchard for the purpose of housing the Riverside tax branch. The quality of the building and the fixtures, make it one of the finest tax offices in the entire nation.

The Riverside Chamber of Commerce will be host at a dinner at the Mission Inn at 6:30 p. m., following the opening ceremonies, to which officials and mayors of Riverside and surrounding cities have been invited.

Guest of honor at the dinner will be Collector of Internal Revenue Harry C. Westover, whose address on the occasion will be broadcast from radio station KPPO.

We missed rocket bombing of the U. S. by six months. On the basis of theoretical work, the Germans figured that in two years they could produce a rocket bomb that would go from the British Isles to Japan — 15,000 miles.—Major William Bromley.

The Germans are conquered people, and have no right to demand anything. — Col. Charles Keegan, military governor of Bavaria.

NOTED FILM—Arturo de Cordova and Betty Hutton in "Incendiary Blonde," to be shown Sunday, Monday and Tuesday at the Palm Springs theater.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

Still another vacation column.

Since the Constitution was first approved by the States in 1788, there have been frequent discussions on what was meant by the expression "advice and consent of the Senate," in connection with the ratification of treaties. Usually, the treaty is prepared and discussed and finally signed, and until then all knowledge about it stays in the State Department. It is brought to the Senate for ratification. When President Roosevelt appointed Senator Connally and Senator Vandenberg, and two members of the House, as members of the U. S. delegation to the San Francisco conference, he unquestionably did so because of some fear that the Charter might be unable to get a two-thirds vote in the Senate. Whatever the reason, it established the precedent of asking for the "advice" of the Senate during negotiations. The interests and the desires of the Congress are indicated while the discussions were going on. The Senate delegates can report to that House on their return. The writer of this column, and a lot of other people think that was the intent of the Constitution.

trator. Several carloads of oleo, already loaded for Russia, were unloaded and butter substituted. The recently issued record of lend-lease for its first year, shows that Russia received during that time 13,347,103 pounds of butter, valued in our currency at \$5,195,837. No other nation received any butter. Russia did not receive one ounce of the 27,243,579 pounds of oleomargarine, and similar fats, shipped on lend-lease and valued at \$3,806,658.

The record shows that Russia received, during 1942, the greater part of the 208,934,780 pounds of sugar which were exported that year on lend-lease, and valued at \$10,081,678. Russia's share of the sugar was 172,211,391 pounds.

Russia also received 9 million of 13 million pounds of cotton seed oil; about 7 million pounds of soy bean oil; 2 million pounds of corn oil; 1½ million pounds of cooking fats other than lard, and almost a million pounds of other edible fats, out of 1¼ million pounds. The British received 485,134,916 pounds of lard and the Russians 85,637,723 pounds. The only figures available so far are for the year 1942.

We may be sure, I think, that when a commission is established, the United States government will urge that it should promptly study the means of promoting freedom of the press.—Edward R. Stettinius, Jr.

Because of its very immensity I was convinced in 1940 that Germany's victory was definitive, so I became a collaborator.—George Claude, 75, on trial in Paris on charge of intelligence with enemy.

Desert Circus . . .

orial informed the board that his magazine had some unusual photographs of Palm Springs and vicinity and Mr. Harper was instructed to obtain copies for the Chamber of Commerce display.

FAVOR DAYLIGHT SAVING

Directors also put themselves on record as favoring continuance of daylight savings time and a resolution to this effect will be sent Gov. Earl Warren, Assemblyman Philip L. Boyd and State Senator Nelson S. Dilworth. The board wants to keep war time and let it be known as "Village Time" even if the rest of the nation goes back to sun time.

It was suggested that Culver Nichols, W. R. Hillery and a third man yet to be selected, be named to represent the Village, Cathedral City and Desert Hot Springs in discussion of flood control matters. The question was brought up by Harold Hicks.

TO TALK TRAMWAY

Setting up of a speakers' bureau to acquaint other localities with facts on the Tramway was favored after the suggestion had been made by President Ransom. It was also decided to use a portion of the special post-war funds for furthering action on the Tram as this was considered a most vital post-war project.

Matter of reviving the Vaqueros will be discussed at a board meeting next spring, probably in May.

Present at the meeting were President Ransom, Cecil Isenaggle, W. R. Hillery, John Chaffey, M. A. Charlston, Gordon Feekings, Melba Bennett, Earl Coffman, Harold Hicks, Fred Ingram, Earl Streber, Ruth Hardy, Harold Murphy, A. E. Hoover, Harry C. Harper, Ruth Jones, Capt. Frank Bennett, Roy Colegate, Culver Nichols, Mr. Cole and Mr. Jones.

Navy Voluntary Enlistment Office Opens in Riverside

Effective immediately voluntary enlistments have reopened in the U. S. Navy and Naval Reserve, according to T. V. Adams, recruiter in charge of the Riverside Navy Recruiting station. Qualified men of 17 to 50 years of age will be accepted for enlistment in the Naval Reserve and those of 17 to 30 years of age in the regular navy, regardless of their status with Selective Service. Inquiries are invited by the local recruiting station which is open each week day from 8 a. m. to 6 p. m. and is located in the Post Office building, Riverside.

Smith: "Well, I must be going. I've got to see Jones about 1:20."

Brown: "I'll go along with you. I've got to see him about two tens and a five."

Definition: Vicious Circle—One where everything revolves around "me."

A cow has no upper teeth and only front lower teeth.

"Don't be so noisy," said mother to Jessie. "Why can't you be quiet like Jimmie?"

"Oh, he's got to be quiet," replied Jessie. "You see, we're playing he's daddy coming home from the club—and I'm you."

All Time Record Set at Municipal Pool This Summer

An all-time record for attendance was set last week at the municipal pool on the Frank W. Cutler estate, Merito place, last week, Chief of Police August G. Kettmann said today.

During the week 298 persons enjoyed the cooling waters of the pool, donated to the city for the third year by Mr. and Mrs. Cutler.

Of this number, 123 were children, 111 adults, and 64 of high school age and service men.

The pool, which has been open daily from 1 to 5 p.m. under the management of Mrs. Lynn Febich, will close for the season on Sept. 16, the day before school opens.

It has been the most successful year since Mr. Cutler first offered the use of his pool to the city during summer months three years ago.

Rationing Rules

SHOES—Airplane stamps, 1, 2, 3 and 4 in Book 3. No expiration date.

Pvt. Frank Sinkwich, ex-Georgia All-American, professional star of the Detroit Lions and backfield ace for the 2nd Air Force Superbombers, will drive his spikes into the Coliseum sod in Los Angeles Friday night, Sept. 14, when his team meets the 4th Air Force Flyers for the Army championship.

Import Company Employee Nabbed On Theft Charge

Tommy Persons, colored, well known Village man, employed for many months at the Palm Springs Drug and Import company, was in jail in lieu of \$250 bail today awaiting hearing on charges of misappropriating a case of bourbon whiskey.

The story was rather an involved one, but was untangled by Police Chief August G. Kettmann and Officer William Hecht and the arrest was made by Police Sergeant Orest Johnson.

John Archibald of the drug company, told police that a man had been in complaining about excessive charges for a case of whiskey and that later a case of Old Taylor bourbon had been missed. Mr. Archibald said that the complaint of an overcharge was entirely foreign to him and that "something was wrong."

Police investigated and found that a visitor here had ordered a case of whiskey via telephone and that Persons assertedly delivered it. Because no money was turned in for the liquor, a theft complaint was lodged against the employee.

Phillips Returns To Washington

Congressman John Phillips of the 22nd District returned to Washington Saturday after receiving a telegram informing him that Congress would convene September 4 instead of October 8 as originally planned.

Mr. Phillips had intended to be in his district for the month of September to contact numerous groups and obtain their views on proposed legislation, he stated. Having only five days at home, he met with several groups interested in specific legislation now before Congress.

Chickens are mighty hard to get from the butcher, and it doesn't even do any good to talk turkey.

Speed to Tangle With Brawn When Air Teams Clash

Summing up the football classic between the 2nd Air Force Superbombers and the 4th Air Force Flyers in their championship struggle brings in two schools of thought. Where the Colorado Springs team will depend upon a stalwart forward line, the California group from Ontario will be more than likely to depend upon speed and forward passing. The teams meet Friday night, September 14, in Los Angeles Coliseum in an all-charity game.

The Superbombers will have "Bulldog" Turner at center, with Dick Barwegen and Fred Davis as guards. This defensive strength will make it difficult for the Flyers to penetrate with close-in plays and so the 4th Air Force coach, Lt. Johnny Baker, is fashioning his offensive plays through employment of the "T" formation. In this he has as his mainstay for backfield speed, the famed Jake Leicht, of Oregon. Leicht will play at quarterback and left half and his speed will do much to augment the speed and power of Gene Meeks of Kentucky and Forest Hall, of Duquesne. All three of these men are sprinters with marks in the hundred yard dash of 9.6, 9.7 and 9.8 respectively. Regular quarterback Tommy Gallagher, from Illinois, is also a 10 second man.

Both teams are manned with collegiate and professional football stars from end to end. An issue which was never settled between the 2nd and 4th Air Forces last year, when they played a 0-0 tie, in Denver, will finally be settled here on the night of September 14th.

Tickets for the gigantic event are on sale at all Mutual Theatre Ticket Agencies.

MORE ABOUT...

Tram Authority...

a long distance call to the Sun yesterday, and submitted the names to the board.

EXPECT EARLY ACTION

Supervisors are expected to make their selections from the list recommended at their first meeting following Sept. 15 when this will probably be on Sept. 17, Mr. Gabbert said.

Gov. Warren's selection of the three men to round out the authority is expected to follow soon after.

Mr. Gabbert said that his committee wished to keep the names of its nominees secret and allow the board to name them all or just the two selected, as it wishes.

ON COMMITTEE

On Mr. Gabbert's committee are C. M. Wilson of Riverside, Harry Payne of Corona, Leonard Covert of Beaumont and E. I. Funk of Idyllwild. The committee was named by President Robert Ransom of the local Chamber of Commerce following suggestions made at a Chamber of Commerce dinner at Riverside a month ago. That dinner was staged at the Mission Inn by the local Chamber as a mark of appreciation to other county committees for the aid given the Tramway project.

Both President Ransom and Secretary Harper urged that prompt action be taken on appointment of the seven-man committee so that the Tramway project could be speeded.

James Denier Released From Army

After 4½ years in the Army, James Denier, son of Mr. and Mrs. Jay Diener formerly of Palm Springs is back home as just Mr. James Denier. He received his discharge at Fort MacArthur Sunday.

Two and one-half years of his service in the Army was in the Aleutians and along the highway from the United States to Alaska. He has been stationed at Texas for some time.

HELPFUL HELEN

She was a very efficient young woman. One day she saw a large car rolling slowly down the street without a driver. Unhesitatingly she stepped alongside, opened the door, hopped in and applied the brakes firmly. Then she got out and looked for the driver. A mere man appeared and she asked, "Is this your car?"

He admitted ownership. "Well," she said, "it was running away down the street."

"I know it was," said the man sadly. "I was pushing it to the garage."

The charter by itself is nothing if it fails to rally the loyalty of the major powers who alone can give it body and life.—London Times.

City Foots Rent Bill but OPA Has the Form for it

The government has more forms than Palm Springs on a bright winter day.

Here, for the past two years the city has been paying the rent for the Palm Springs War Price and Rationing board at 622 North Palm Canyon drive and prior to that at 482 North Palm Canyon drive but now that the ration board will close up business here a week from tomorrow, comes a bulky envelope full of forms, studded with fine print, in which the GOVERNMENT terminates the lease.

THEY'LL SEND A MAN

City Manager Ray Sorum presented the forms and said that the city was supposed to fill 'em all out and sign 'em. One, he said, the city could keep. The other three had to go back to coast ration board headquarters. "What'll happen if I don't sign them?" asked Mr. Sorum.

"They'll probably send a man out from Washington," Councilman Culver Nichols solemnly assured him.

That brought up the question of equipment and repairs to the headquarters. Councilman Nichols moved that the city adopt a resolution authorizing Mr. Sorum to fill out the forms and make such disposition of the headquarters which, in his judgment, is best.

NO REPLY... YET

Mr. Sorum also reported that, pursuant to action of the city council at its last meeting, he had entered negotiations to lease the quarters on a month to month basis but as yet had had no reply.

In the meantime, according to all that fine print, the ration board, William A. Lippman, chairman, is going to fold up next week—and Mr. Lippman says the last seven days are going to be the toughest.

If a murder were to be committed in the area (southern shore of Potomac between Virginia and District of Columbia) tomorrow, there would be grave doubt that the guilty person would ever be brought to trial because of the uncertainty over jurisdiction. — Representative Howard W. Smith, Virginia.

Marcelle: "Have you had any experience in defense work?" Young girl applicant: "Yes—I used to go with a sailor."

38 Veterans Of War Discharged

A total of thirty-eight detachments including in the main, veterans from the Southwest Pacific, have left Torney General Hospital for separation centers within the past two weeks, it was announced here Monday.

With critical score points ranging from 85 to 118, the men had been in the service for four or more years. The majority of those released went to Ft. McArthur and Camp Beal while some were released individually at separation centers in other parts of the west and middle-west.

Three men of the group eligible for discharge under the 85 point score who were hospitalized will be separated from the service later.

No Damage In Field Club Fire

Fire in straw in the stables at the Field Club yesterday afternoon resulted in a call to the fire department.

Despite the fact that the department was kept there for some time battling the smoldering blaze, no damage was done to the buildings, Fire Chief Bill Leonesio said.

Youngsters, seen in the vicinity before the blaze, are being sought for questioning on the origin of the fire.

10TH SUNNY SEASON

in the Plaza

That's Right, it WAS Hot, But Not Only Palm Springs

Along with the rest of southern California, Palm Springs during the past week experienced some torrid weather. Last Saturday night Los Angeles had its hottest night in 60 years—but it didn't outdo the Village. The minimum here was 83 that day.

Highest temperature of the week was 114 and that maximum was reached three days in a row, Monday, Tuesday and Wednesday.

But—that was unusual. Last Thursday the minimum was 61 degrees—in Los Angeles it was a bit warmer.

Temperatures for the week follow:

Date	Max	Min.
August 30	108	61
August 31	108	69
Sept. 1	111	83
Sept. 2	108	82
Sept. 3	114	72
Sept. 4	114	76
Sept. 5	114	72

Capt. Bennett to Leave Army Soon

Capt. Frank Bennett, U. S. Army Air Corps, was in town this week at the Deep Well Guest ranch. He expects to leave soon for a separation center to receive his discharge.

Capt. Bennett has been stationed at March Field.

Sil Silver Draws 'Em in Just Like the Old Days Here

Sil Silver, who returned to the Royal Palms' Rainbow Room this week, hasn't lost any of that old skill. In fact, say patrons, he's even better than when he left. He is packing them in nightly at the Rainbow Room, and is greeting many old friends.

During his absence from the city he was at some famous spots, and his last engagement before coming back to the Village was at the Last Frontier in Las Vegas.

City Attorney Urges Revision Of Zoning Laws

City Attorney Roy W. Colegate told council Wednesday that the city's zoning measure, Ordinance No. 75, had been so riddled with amendments the past six years that he thought it was time to overhaul the document and bring it up to date.

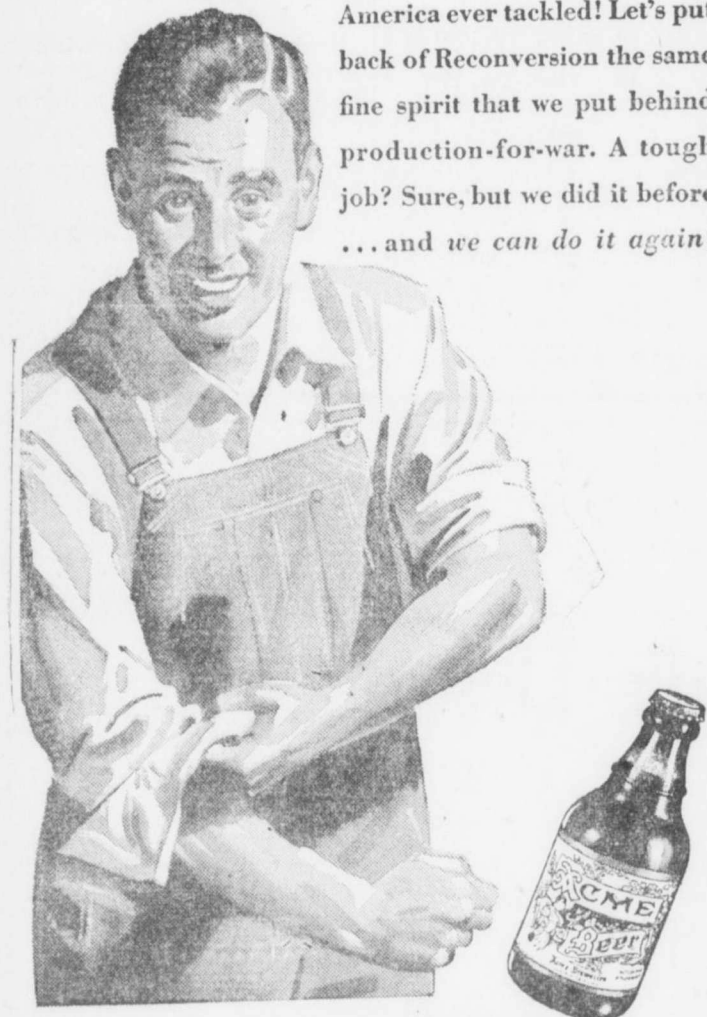

He said that he thought a new zoning ordinance incorporating all of the changes made since adoption of the original ordinance ought to be drawn.

His recommendation was taken under consideration by council.

Dr. Shields To Conduct Service

Dr. J. S. Shields will be the guest speaker at the Community Church next Sunday, it was announced yesterday.

He will speak at both morning and evening services.

Dr. Shields, a professor at the Pacific Bible Seminary, will be here with his family and will spend the week end in Palm Springs.

Owen Coffman Post Plans Great Drive for New Members

Commander Harold Lienau of the Owen B. Coffman Post, No. 519, American Legion, has named Charles St. George as head of the post's committee to enroll veterans of World War II in the ranks of the Legion as requested by Edward N. Scheiberling, national commander of the Legion. Commander Scheiberling said in a talk at Oklahoma City Sunday that the 12,000,000 members of the armed forces, men and women, were immediately eligible for membership in the Legion.

Chairman St. George said that he had all application forms available and that veterans of World War II could obtain them from himself, Stanton Griffing, Jack Holditch at the Palm Springs Water company, Art Wills at the Plaza Cleaners or at the American Legion Dugout.

The week of Sept. 16 to 22 has been designated by the national commander as American Legion Membership Acceleration week during which the nation's 12,438 Legion posts are expected to hit the peak in the world-wide campaign to enroll the nation's fighting men and women.

"The Owen B. Coffman post of Palm Springs which went far over its quota in gaining new members during the past year, will continue its leadership in recruiting members in this drive" said St. George.

"We're going to get awfully busy in this campaign."

Mrs. Tilghman and Youngsters Return

Mrs. R. H. Tilghman and Coni and Sonny Tilghman have returned to the Village after a summer spent at Long Beach.

Coni spent two weeks with a classmate, Hazel Veith, at Newport Beach.

Pay your telephone bill before the 30th and receive a discount.

September is the rush month. The boys with that frazzled look in the eyes are lawn-planters. To you they may appear hysterical and a bit like madmen. a hurry and it is best to keep them won't bite, but they are in out of the way ... for soon the beauty of fresh green lawns shall be everywhere.

We have lawn grass seed for you in bulk or in packages.

We have Gaviota brand Steer Manure which comes in heavy paper sacks, are easy to carry, no waste, and almost fly-proof. Gaviota Steer Manure is taken from the pens of cotton-seed fed steers and is the finest obtainable, though the supply is limited this season.

No need to worry about buying more than you need to start your lawn as Gaviota is fine for shrubs, trees, flowers, potted plants, and vegetables.

Important: ceratin ants will pack off grass seed and can do excessive damage in a single night. Get Cyanogas and clear out the ants before you try to grow your lawn.

High School Opens Office Preparatory to New School Year

Although schools in Palm Springs will not open until Monday, September 17, the local high school office opened for business Tuesday, September 4, and Principal E. E. Oertel and his secretary, Mrs. Marian Keller, are following a regular schedule of office hours, through the opening of the new school year.

Official registration of high school students will be held Monday, September 17, starting at 9 a.m. in the high school auditorium. Full instructions for registration and programing will be given to students at that time. Parents and students who would like to discuss special problems and work out tentative schedules ahead of the formal registration are invited to visit the high school office any time next week.

STAFF COMPLETE

All teachers for the high school staff have been selected and will be taking up residence in Palm Springs prior to the first faculty meeting of the year, to be held Saturday morning, September 15 at the high school office.

The high school curriculum will remain unchanged, except for the addition of new music courses in Music Appreciation, and possibly orchestra. It is planned to have class piano instruction. The content of the art courses probably will be changed somewhat, and in keeping with the recommendation of the current Harvard reports on "General Education in a Free Society", reports which are attracting considerable attention in educational circles just now, Palm Springs expects to stress appreciation courses and the development of tastes rather than so much "creative" expression. The new music appreciation course is designed almost exclusively for the development of tastes and understanding in music.

ON ESSENTIALS

Although Palm Springs will attempt to follow the new trend away from too much creative expression, participation in the arts will be encouraged.

The "core" curriculum of general education subjects will continue to receive major emphasis in the local high school, according to Principal Ernest E. Oertel. This means that English, natural sciences, mathematics, and the social sciences will be the central subjects in the curriculum to which all other subjects will have to be subordinate. The schedule of subjects for the school year 1945-46 is designed to accommodate students with academic interests, and the administration of the schedule will be planned so as to maintain a high academic standing for the local high school. Electives in the practical subjects will be provided as in the past.

MATCHING PROGRAM

Palm Springs has prided itself on being able to match almost any high school schedule presented by students coming to Palm Springs from any part of the country. This matching of schedules is made possible because Palm Springs offers four years of English, all the high school mathematics, all the high school physical sciences, and three years of three languages each year without lapse.

Because of these extensive offerings, students who attend Palm Springs high school for short periods of time are able, in most cases, to continue work without interruption in any subjects they have been taking in other high schools.

City's New Road Broom Out to Use

City Manager Ray Sorum told city council Wednesday that the city's new road broom had arrived and was already in operation.

He also reported that the new waste disposal department truck was in Riverside awaiting the arrival of a special body which was being made in Los Angeles. The new truck will be in operation here within a few weeks, he said.

Councilman Back from Lake Vacation

Councilman Maurice McCann and family have returned from Big Bear, where they spent two months of the summer resting and fishing.

While at the lake, son Jimmy repeatedly showed up his dad as an angler, Mrs. McCann reports. Mr. McCann is the Los Angeles Times agent here.

Rae: "I bought an incubator and it doesn't work."

Gwen: "What's the matter with it?"

Rae: "Well, I've had it three weeks and it hasn't laid an egg yet."

Torney Patients Given Labor Day Treat by L. A. Club

Members of the Women Secretaries' club of Los Angeles who journeyed to Torney General Hospital each month with gifts of sweets, fresh fruit, magazines, and other reminders of home, for patients in the ward which they sponsor, widened their scope on Labor Day and included patients on several wards at a special event.

Laden with boxes of icing-covered cake, ranging from chocolate layer to "Lady Baltimore" which they had baked themselves, and ice cream individually wrapped, the secretaries made festive the wards which they invaded.

ACES Camp Show with Bert Moyer as master of ceremonies, who followed club members through wards entertaining with song and dance numbers, brought smiles to faces of patients from practically every campaign of the war.

Club members visiting the hospital on Monday were Miss Ruth Zanders, president; Mrs. Eleanor Wilson, Mrs. Lola Downs Mrs. Georgia Schueller, Mrs. Marian Cleveland, Mrs. Alberta Genuit, Mrs. Juanita Chapman, and the Misses Margaret Knecht, Gladys Nichols and Eva Bailey.

Rental Prices for Post Office Boxes Goes Up Oct. 1

Post office boxes are going to cost more after October 1, R. M. Gorham, Village postmaster, said today.

Present rates are 75 cents, \$1, \$1.50 and \$2 per quarter, depending upon the size of the box. After October 1 the rates will be \$1.00, \$1.50, \$2.00 and \$3.00 per quarter.

Rates for rental of post office boxes are based on annual post office receipts. Receipts at the Palm Springs post office in 1944 were \$109,321.24. The new rates to be charged here are those fixed for offices with receipts from \$100,000 to \$300,000.

Boyd and Archer Combine Offices

Announcement was made this week of the merging of two well known accounting offices into one, Florian Boyd and George Archer have joined forces under the firm name of Archer and Boyd.

They will maintain offices in the Pacific building at Tamarisk road and Palm Canyon drive.

Accounting, bookkeeping and general auditing as well as federal and state tax matters, are offered the public.

For Essential Transportation—U-Drive Cars. Phone 4444.

Cancellation of Back Taxes to be Asked

On recommendation of City Attorney Roy Colegate, the city will apply to county board of supervisors for cancellation of back taxes on that portion of the Field Club which it already owns.

Attorney Colegate cited the action of several other cities in obtaining like cancellations on property bought for park purposes.

City Clerk Takes Rest in Mountains

City Clerk Louise McCann is on vacation this week. With her daughter Martha, who is down from Stanford on vacation, she spent the first few days at Arrowhead, guest of the Arthur E. Baileys.

Miss Marylou Kingsbury is acting city clerk during Mrs. McCann's absence.

War Chest Leader Says Problems of Peace Just Begun

"It is with the utmost confidence in the generosity of the people of Palm Springs toward the aims and goals of the California War Chest that we look forward to a successful, united Victory Chest drive this year.

"The war is over and victory is ours, but the problems of peace have just begun. The framework of a new world is about to be erected, and we are privileged to help take part in its construction."

END OF WAR FUND

A. B. Ruddock, chairman, of the Southern California area, California War Chest, in a recent letter to William B. Colburn, chairman of Palm Springs Community Chest, Inc., made this important contribution to peace-time thinking.

He went on to say that this year marks the end of the National War Fund in accordance with national policy. The Victory Chest must attain its goals because of increased needs which war has left as its aftermath. Funds collected this year will operate war-related agencies for a period of fifteen months, or until their liquidation on January 1, 1947.

PATRIOTISM OF PEACE

Mr. Ruddock continues: "There is a patriotism of peace as well as the heroism of war. The men who fought for us, and didn't die may have to remain long weeks and months in Europe and Asia in American armies of occupation. Thousands more—the maimed and wounded—will continue convalescing in military hospitals. Our USO, throughout the United States and overseas, will continue to bring to our men morale-building entertainment and relaxation. In addition, the "hospital circuit" has been added so that our sons and brothers, lying for long weeks on hospital beds, may enjoy some of Hollywood's greatest stars. The weary and pain-marked hours may pass for them more quickly until they, too, shall finally return home to stay."

To this, Mr. Colburn adds: "Our Victory Chest organization is looking forward to the 1945 fund raising appeal, beginning October 1, with a desire to equal, if not excel our drive of last year. The teamwork evolved in war shall continue in this year of peace, to bring aid to our allies and to our own boys still in uniform, both at home and overseas."

Army Nurse And War Veteran Wed at Torney

In a quiet ceremony which took place Wednesday afternoon at 2:15 in the Chapel at Torney General Hospital, Lt. Dorothy S. Deamer, Army Nurse Corps and member of the Post duty personnel, became the bride of Leonard L. Van Dornick of Manitowoc, Wis. Capt. Lloyd M. Samson, Post Chaplain officiated at the double ring ceremony, attended only by close friends of the bride.

Lt. Alice W. Epke, Army Nurse Corps and Pvt. Lee R. Flores, enlisted detachment, both of Torney were attendants.

Entering the service March last, the bride has been stationed at the hospital since the middle of April. Daughter of Mrs. Agnes Strickland Deamer, Bremerton, Wash., she attended Bremerton high school and received nurse's training at St. Joseph Hospital, Tacoma, Wash.

The bride-groom, son of Mr. and Mrs. Albert Van Dornick, Manitowoc, Wisconsin, served 32 months with the 1st Armored Division in Africa and Italy. He was released from the armed forces on the point system in August.

Labor Day Quiet In Village Area

Labor Day was a quiet one in the Village.

Bank, city hall, other civic offices were closed all day as were most stores.

It was the final day of vacation for many Villagers and Tuesday morning, many places closed during August re-opened for the new season.

Assemblyman Boyd Outlines Measures to be Considered Before Legislature at Special Session to be Called Soon

Speaking before the Kiwanis club in Riverside last week Assemblyman Philip L. Boyd discussed the coming special session of the legislature and the important post-war items expected to be on the agenda. Liberalization of unemployment insurance, releasing of state moneys for post-war projects, reconversion and private enterprise will probably be discussed.

He said he hoped to get a clear idea of the attitude of his Riverside county constituents on these subjects before he should be called upon to return to Sacramento. What the governor will include in the call will be known shortly, the assemblyman stated, who devoted the larger part of his address to consideration of subjects about which he had received the most inquiries since adjournment of the session on June 18.

GOOD FOR FARMERS

As to whether the session was a successful one, the assemblyman said organized labor would say no, although demonstrating a good deal of power and influence, while agriculture generally would say yes. California business, he pointed out, was satisfied to have tax reduction continued.

Analyzing the personnel of the assembly, the speaker said that of the 80 members, there were 25 to 30 attorneys and about an equal number of farmers, the latter a very purposeful group.

The representatives from cities were said to bear the stamp of organized labor. There are always the social reformers, seeking to raise pensions and the like and political opportunists who are uncertain and who give the legislature a bad name, Boyd said.

Of the five committees to which the assemblyman was appointed, he said the social welfare gave him the biggest headache.

HOW THEY KNOW

As to how a legislator can familiarize himself with the largest number of bills introduced, the

speaker explained that many of the bills presented do not get out of committee; that many measures are non-controversial and interest only certain districts, and that if a member is not an attorney or a member of the judiciary committee, he is likely to take the advice of someone on whom he can rely.

As the morning sessions open, the members by looking over their file know pretty well how they are going to vote on various measures, except for the last two weeks of the session, when in view of the pressure, they can do only their best. Sometimes they have indications from their constituents that serve as a guide, the speaker added.

'THIRD HOUSE' HELPFUL

Some 35 lobbyists are registered, and being well informed, possess information that proves valuable oftentimes, enabling legislators to make a better decision. Many members of the "third house" were characterized as possessed of high ethical standards, while some few, looking after group interests, need to be smoked out. The latter were described as not a great factor in law-making in California, and the opinion was expressed that they will be less influential at the next session.

Organized labor was said to have had more than 100 representatives. They constitute a strong pressure group in appearing before committees and before the legislature when sitting as a committee of the whole.

STILL LIVE ISSUE

The question of subventions to cities and counties was said still to be a live issue. Personally the assemblyman said he felt surplus funds should not be diverted to uses other than that for which they were designed.

Listing legislation that directly interested Riverside county, the speaker referred to the Palm Springs tramway measure, bills relating to combating diseases relating to the date and alfalfa industries and farm-to-market highways.

Supervisors Adopt 3-Year Budget for Road Improvement

County board of supervisors has adopted and recommended a three-year highway budget plan for a \$939,325 expenditure on county highways and roads, it was revealed Monday when the county Chamber of Commerce highway committee met. W. R. Hillery of Cathedral City, a member of the committee, said last week. Mr. Hillery attended the meeting.

TAKES IN COUNTY ROADS

The program includes county and secondary state roads, to be paid for jointly by the county and federal funds.

Five miles near Thermal and five miles near Blythe are the only roads on the program east of Beaumont. Total mileage slated for improvement is 154.8.

STUDY LOCAL PLANS

Plans for improvement of highways in the Palm Springs area are now under study. These plans include an overpass over the Southern Pacific tracks at Garnet on Indian avenue and to extend that thoroughfare to intersect with Highway 99 and north to Aqueduct road; improvement of the Palm Springs-Edom road, a new farm to market road to serve the area from that road south to the old Dunes club and then southwest to join highway 111 at Rancho Mirage.

The county program is exclusive of the state program which lists improvements on Highway 11 from the junction with Highway 99 to the city limits.

Alvin Eldridge Signs Up in Navy

Alvin Eldridge, son of Mr. and Mrs. C. A. Eldridge of 154 West Andreas road, will report to the U. S. Naval base at San Diego Sept. 14.

The youth, who is just 17, signed up for a four-year enlistment.

Mr. and Mrs. Florian Boyd and family have returned from a summer spent at Long Beach.

Highway Leading to Village Named as Postwar Project

Thirty miles of Riverside county highways are included in plans for Southern California postwar projects, according to word from Sacramento last week and four miles of highway leading into Palm Springs are included.

The local projects include new approaches to three bridges on the state highway leading into the city and improvement of four miles of highway and a new bridge.

Also included in the program is the widening of Highway 60 from the end of the present four lane divided highway west of Riverside to the Los Angeles county line, connecting with Fifth street in Pomona and Garvey boulevard.

End of War Not To End Salvage Drive Is Report

Word to Walter Illick, salvage chairman for the Palm Springs district, this week was to the effect that salvage of paper, tin, and fates will be continued with unabated vigor.

"Although victory has been won, salvage of these materials is more urgently needed than ever, I am informed by the government," he said.

Vast quantities of paper were wasted in celebration of the collapse of Japan two weeks ago Wednesday so the drive for this article needs speeding up.

Waste fats are still much needed and the government has authorized butchers to continue giving the two red points per pound as heretofore, he said.

Linkletters Back from Summer Rest

Mr. and Mrs. A. V. Linkletter have returned to the Village after two months spent at Lake Arrowhead.

Mr. Linkletter is the local representative of the Los Angeles Examiner.

"Summer Showers"**It's the FLAME**
that makes it
perfect!

"Pop" isn't the only one who loves his showers! The warmer the weather the more calls for hot water; and you get it faster with an automatic gas water heater... It's the speedy gas flame that makes the difference!

**1 Plenty of Hot Water!**

The speedy "recovery" of an automatic gas water heater is a big asset in summer. It hurries more hot water as you need it—showers and baths for all the family... laundry and dishes, too.

2 Speedier Summer Cooking!

Cooking with the blue gas flame is faster. No waiting for top-of-the-range, oven or broiler temperatures to "pick up." In every way, a "CP" Gas Range is your "flame-perfect" summer servant!

Jimmy Cooper, Up in Alaska, Would Trade Some of Ketchikan's Climate for a Taste of the Village Variety

From up in Ketchikan, Alaska, came a letter this week from Jimmy Cooper, well known Villager and prominent here in the affairs of the Los Compadres and Lions Clubs.

Ketchikan, Alaska, August 15, 1945.

Dear Phat:
Peace, the thing we've all been waiting for so long, has at last come to a war-weary world. We heard the news yesterday while still at sea, and upon arrival here this morning, find this little fishing village completely closed up. All stores and amusement places shut for the day. It has been raining all day, one of those drizzling mists similar to some we have on the desert in February, when the clouds hang down low on the San Jacinto mountains, barely clearing the rooftops at the beautiful Tennis Club. If one could eliminate the dense forest greenery that rises from the backyards of the houses along this shore, substituting instead the rock and sage brush slopes of the desert foothills and of course disregarding the potholes through which I am looking, I could easily imagine that I was back home again in mid-

winter. If the inhabitants of Ketchikan and Palm Springs today could be polled on the subject, I imagine each would be willing to trade a little of the other's weather for a few days. I know this coolness would be welcome down there in August, and at least I would enjoy feeling that blistering sun for a little while.

BACK TO SOUTHLAND

Tomorrow we move on to Juneau, Alaska. Then back to San Pedro to reload and put out to sea for the Hawaiian Islands.

One thing I've really missed since leaving the Maritime Graduate Station has been The Desert Sun. We are on the move constantly, never staying in any one port more than 24 hours and mail just doesn't get a chance to catch up with us. One of the first things I'll do when I get back will be to grab the file of old Desert Suns and brush up on what has transpired since leaving.

LIKES SEA LIFE

This ship I'm on is a comparatively new tanker and we enjoy many little luxuries not found on many merchant ships. My fo'c'sle is quite large, shared with another fellow, good beds, reading lamps, desk, wash basin and medicine chest, large lockers and drawers, fans and blowers for air-conditioning. We have plenty of clean linen, soap and boiling hot water, and those of us that enjoy showers are like kids with a new toy. Whenever nothing else to do, we take a shower, lay down to catch up on our reading, and let the wild waves (not WAVES) lull us to sleep. The food is fine and plentiful and I only hope I'm not ravelling you for that distinguished nickname when I return.

I've been trying to attend a Lions Club meeting in some port but thus far have missed by a day or two one way or another. The Lions Club of Ketchikan was to have met tonight in the local hotel dining room, but their meeting was cancelled due to V-J day.

Sincerely,
JIMMY COOPER.

Simple as it is to defrost a refrigerator, one home economist saves herself needless mopping-up afterward by putting a folded newspaper along each side of the evaporator. This directs drippings into the drip tray and prevents ice from scattering every-which-way as it scales off.

Jimmy Shea Now Out of Hospital and Feeling Fine

Writes Jimmy Shea
Writes James G. (Jimmy) Shea, Southern Pacific passenger agent here on leave to be with the armed forces:

"I am out of the hospital (August 28) feeling like a million. (Just think how wealthy I'd feel if I were returning to my family and Palm Springs tomorrow!)"

"During the two months in the hospital, the Desert Sun was always a welcome sight. I felt very well posted on all of the Village activities. The gang have also been swell with their letters."

GO FISHING, ADVICE

"Notice, Phat, that you are still the target of the critics. Wouldn't your reputation as a columnist be safer if you just went fishing on every Friday, the 13th, leaving the column blank rather than let Mrs. G. show you up the way she does? I also want to apologize for laughing so much at your new title of BPOE."

"I did have optimistic hopes of rejoining the gang this fall, but when I look at the handwriting on the wall, it seems only right that the high-point overseas men, those over 38, those with dependents, and long domestic service, should get out first."

BIG BUSY SEASON

"It looks as if Palm Springs is in for its biggest season, and I hope to get in on part of it, anyway."

"Wishing you lots of pineapple juice, and hoping it won't be too long before I come riding down Palm Canyon drive again in a sport shirt. Sincerely, Jimmy."

Mr. Shea was injured in a training accident at Fort Leonard Wood early in the year and was last week discharged from the hospital.

Ensign Asbury Here on Leave

Ensign Bill Asbury, son of Mr. and Mrs. Joseph L. Asbury of Palm Springs, is home on a 30-day furlough from Oklahoma A. and M. at Stillwater, Okla., where he is studying Oriental languages.

Another son of the Villagers, Capt. J. L. Asbury, Jr., is with the U. S. Army occupation forces in Germany.

Col. Jones Back From Washington

Col. A. B. Jones, commanding officer of Torney General Hospital, returned to the post Friday night following a few days stay in the nation's capital with his younger son, Pvt. A. B. Jones, Jr.

Pvt. Jones, a fourth-year medical student at Georgetown University under the Army Special Training program, will receive a medical degree at graduation exercises to be held at the university in March of 1946.

Leaving the hospital Sunday, August 26, Col. Jones made the round-trip by plane.

Torney Patients See Great Show

Members of the Quota Club, composed of Los Angeles business women, sponsored Bud Murray's Hollywood Revue in presentations at Torney General Hospital Thursday afternoon and evening.

The all dance revue of junior stars, returning to the hospital by popular request gave its first performance in the auditorium of the Red Cross building at 1 p.m. Afterwards the dancers went to different wards to entertain bed patients.

Quota Club members who furnished Ward D-11, regularly arranged parties and other entertainment for the patients.

Asburys Return From Vacation In Rockies Area

Mr. and Mrs. Joseph L. Asbury returned to the Village this week to spend another season in Palm Springs. Mr. Asbury formerly owned the Casitas del Monte.

They spent the summer at Boulder, Colo., and at Fish Lake, Utah.

Mr. Asbury said he caught more than 300 fish and that some of them topped 15 pounds.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By Sgt. Vic Blanks

LABOR DAY OBSERVANCE

Torney observed a quiet Labor Day Monday. All civilian employees who could be spared from their duties had a full holiday. Enlisted men and officers who could get away had a half to a full day off.

The day was unmarked by special social events or official observance.

TORNEY SHOW

Torney's bi-monthly radio broadcast, which was inaugurated last month, will undergo considerable modifications before the next show hits the air.

The show even has a new title—"The Torney Double Show"—which is just what it is—two shows in one. For the first ten minutes, Pede Worth, master of ceremonies, will go to the wards with a hand-microphone to interview bed patients on the hobbies and activities which have kept them occupied during long months in cast and in traction.

The new program will be on the air over station KPRO, Riverside, September 11. The second half of this presentation will be a wacky fun fest utterly devoid of reason but with plenty of laughs and nonsense.

DISCHARGE IN TIME

One of Torney's enlisted men received his discharge this week and it couldn't have come at a better time. Pvt. Harry L. Lawrence, medical corpsman, was discharged from Torney 31 August 1945. On 29 August 1945 he had received a telegram from his wife, Jean Ross Lawrence, 281 Ridgewood Avenue, Newark, New Jersey, telling him that he was the father of an 8 pound, 2 ounce son.

The overjoyed GI dashed madly about the hospital passing cigars from boxes held in each hand . . . one box for the baby the other box for the discharge.

Pvt. Lawrence reported for duty with the armed forces 30 January 1941 and holds the following decorations: American Defense Ribbon and Good Conduct Medal. He has been a wardman at Torney General Hospital for the past several months and in his spare time has devoted himself to enter-

taining patients with his magic act and other vaudeville performances.

FELLOWSHIP AWARDS

Service men and women who have written for Yank, Stars and Stripes, or any other military publication are being offered an unlimited number of writing fellowships, each paying \$4,000 in advance option money, by a three-way agreement among a publishing house, a motion picture company and a reprint publisher. The three companies are: Reynal & Hitchcock, Twentieth Century-Fox Films, and Hawley Publications.

To enable service or ex-service people of this war to develop their book ideas, the three companies will start with a joint initial payment of \$1,000 for each five-page outline of a novel or factual book which is acceptable to all three. The \$1,000 will be paid in ten weekly installments, during which time the author will expand his idea to a 30-page synopsis and write 20,000 words of the manuscript.

If the synopsis and sample writing are satisfactory to all three companies, the author will then receive an additional \$3,000 on which to finish his book. With this total of \$4,000 in advance money, the author may retire for a year with economic security to write his novel, biography or history.

If the book is acceptable when completed, Twentieth Century-Fox will take up its movie option for a price that rises on a sliding scale to \$100,000, depending on book sales. Reynal & Hitchcock will publish the book at its usual author's royalties; and Hawley Publications will reprint the book at the customary reprint royalties.

For information on the new fellowships, write the \$4,000 Fellowship Awards, Twentieth Century-Fox Film Corp., 30 Rockefeller Plaza, New York, N. Y.

5th OTU FACTS

There are many cheerful good-byes on the field these days, but each one has an undertone of sadness. Because for nearly all of the men who are being discharged, there is a parting of the ways with friends—good pals made while in the service.

In the Air Transport Command friends have become inured to separations when a buddy would be shipped to far-off India, Australia, England or Africa. Behind these goodbyes there was being you soon over there."

And this was true, too. Friendships made in Calcutta, India would be renewed somewhere in Newfoundland perhaps, or at Saipan or some ferrying service station in the United States. Just that fluid was the constant movement of personnel to the far-flung and world-wide bases of the ATC. It has been known that a soldier borrowing a dollar from a buddy to tide him over land, would pay the debt back to to payday somewhere in Greenland the lender personally somewhere in China.

But these goodbyes today are of a different color. Before, all of the men, figuratively speaking, were in the same khaki-clad world. Soon these soldiers will don that blue pin-striped suit they have talked about for so long—and longingly. They are going back to the village, farm, cities and by-roads of the United States. Many promise to write. Many of them will. Most of them will become lost to each other in the huge civilian world from whence they originally came to do a job that had to be done—and was! Bon voyage and farewell.

ord was received this week from Sgt. Tom Yancy, former first sergeant of Squadron D, who went to Nashville in connection with the ATC football team, saying that two of the 5th OTU candidates for the squad, Lt. Martin J. Lieberman and Cpl. Ralph Brown, are doing a pretty good job there. This is the first year the ATC has had an official grid squad, which will represent this base as well as every ATC installation in the worldwide system of air lanes. First game of the season is September 15, when ATC takes on the rugged Naval

Pvt Hernandez Headed for U. S. Says Army Report

Pvt. Alvaro A. Hernandez, whose mother lives at 243 North Indian avenue, was among the thousands of American troops at Le Havre Port of Embarkation, staging area in France, awaiting shipment home under the Army redeployment program.

Pvt. Hernandez went into the Army on Sept. 9, 1943, two years ago Sunday, and has been overseas for seven months.

He was in most of the Central European campaigns and wears the ETO ribbon and a Bronze Star.

Before going into the Army he was employed at Indio.

New Director for Music Activities Arrives at Torney

WOJG George T. Covell reported Sunday to Torney General Hospital for 90 days' temporary duty as special service music director, replacing WOJG Harry L. Salverson who has returned to his former station at San Angelo Army Air Field, San Angelo, Texas.

Mr. Covell will continue the musical program under the plan inaugurated by the Special Service Branch, Ninth Service Command, to stimulate music activities in general hospitals throughout the command.

A member of the Pampa Army Air Force, Pampa, Texas, Mr. Covell, one of 12 musicians loaned to the Service Command in May, has completed a tour of temporary duty at Dibble General Hospital. A native of Chicago, he received his musical education in that city, and following entrance in the service four years ago, attended the Army Music School at Ft. Myer, Va.

Mr. Covell plays organ, piano and accordion.

"Don't be so noisy," said mother to Jessie. "Why can't you be quiet like Jimmie?"

"Oh, he's got to be quiet," replied Jessie. "You see, we're playing he's daddy coming home from the club—and I'm you."

Pay your telephone bill before the 30th and receive a discount.

Charley Knupp First to Apply Under New Rule

C. V. Knupp, veteran of two wars, became the first to take advantage of the new city policy to ease the path of returning servicemen to resume their place in civilian life.

His application for a business license on a renewal basis rather than as a new license was approved by council Wednesday of proved by city council Wednesday on motion of Councilman Walter Allen.

He has returned to the electrical business he dropped to enter World War II and now has headquarters at 263 North Indian avenue.

MORE ABOUT . . .

Air Base to Stay . . .

same untiring devotion to duty for the future.

NOT FOR MONTHS

Referring to rumors which have been rampant in both Palm Springs and on the Army Air Base, which had the Field closing; or that it would be immediately turned into a Military Air Transport Base or into a hospital evacuation unit, he said:

"Such rumors have an unsettling effect on the minds and work of all concerned. This Base will not close for many months to come, if at all."

He pointed out that there are 232 C-47s in use by the Air Transport Command within the continental limits of the United States. To man these airplanes, he continued, it takes 1400 pilots.

TO TRAIN PILOTS

"Many of these pilots are being discharged and others will have to take their places," he added. "This base has been selected as the only base in the United States to furnish these trained pilots."

As soldiers at the Army Air Base are discharged, the Colonel continued, their jobs will be taken over by civilians.

"There is still a great job to be done," the commanding officer emphasized. "There are men to be transported from East to West and from West to East. This Base will be the last base to close and may not close at all because of the favorable flying conditions existant throughout the year."

Two Nabbed on Liquor Charges

Dillon Kitchen, 52, laborer, and Walter Morgan, 52, kitchen helper, were in custody of the U. S. commissioner at Riverside today following their arrest here for possession of liquor on the Indian reservation.

They were picked up by Anthony Torro, Indian officer, Wednesday, and held in jail here until transferred to Riverside.

"Are you the man who was married in a cage of lions?" "I'm the man." "Did it seem exciting?" "It did then, but it wouldn't now."

Portrait of the Week

By BERNARD
of Hollywood

Ruth Tinsley—raven-haired, blue-eyed Torney General Hospital glamour girl, who, besides being an eye-ful, also has the distinction of being the oldest girl—in the point of length of service, only—there . . . She has been at Torney 18 months which, it is understood, sets something of a record. . . She's a good companion because she always laughs heartily at the jokes told her, corny or not, dances exceedingly well, and eats steaks with gusto. Van Johnson is her favorite movie star, and she likes peasant type of clothes—and she does justice to them.

Another Village Youth In Navy

Benny Dean Jones of Palm Springs was among ten Riverside county youths, just turned 17, who enlisted in the U. S. Navy this week, according to T. V. Adams, in charge of recruiting at Riverside. He went in as apprentice seaman.

The Navy, Adams said, is accepting enlistments in both the regular Navy and the reserve from qualified applicants from 17 years to 50, regardless of selective service classification.

For Essential Transportation—U-Drive Cars. Phone 4444.

Stick-Up Men Rob Villager

The Los Angeles crime wave slopped over into Palm Springs this week.

Wilbert Fromhold told police that while he was walking up Palm Canyon drive Wednesday night two men approached him and one of them thrust something which he thinks was a pistol, in his ribs.

They frisked him for almost \$10 and disappeared along Tahquitz drive, he said. He was able to give but a meager description of the men.

For Essential Transportation—Yellow Cabs. Phone 4444.

MORE ABOUT . . .

Five New Teachers . . .

Eckert, third; Gertrude Stratton, new, from Los Angeles, third and fourth; Doris Kresse, new, from Bakersfield, fourth; Eleanor Krauter, fifth; Ruby Loughran, sixth; Dolores Lawry, fifth and sixth; Era Franklin, arts and crafts.

Nellie Coffman school—Miss Fincy will act as principal pending release of George Manning—two by the army; Dr. Kate W. Simpson, vice principal; Marion E. Bell, Donald E. Cole, Helen A. Emery, K. W. Emery, and the following new members of the staff, George V. Novak from Long Beach, Evangeline Bond from Bellingham, Wash., and Marie Owens Austin from Rosemead. Regina Cooke will return as arts and crafts instructor.

Cahuilla school—Alma Gilbert, principal; Hildred Armistage, from Long Beach, first; Tizah Stall from Ohio, second; Frances Schweighardt from Santa Barbara, third; Harriet G. La Forge from Michigan, fourth and fifth.

Cathedral City—Minne Berry Ball, from Pasadena, first, second and third, principal; Lulu E. Thompson, fourth, fifth and sixth.

Desert Hot Springs—Elsie L. Rutledge, from Blythe.

Special Teachers — Kathleen Rye, music; Dorothy Smith, orchestra; Ruth E. Dinnelly, from Los Angeles, music, art, girls physical education; Robert Grenow, Wisconsin, boys physical education; Billie Lu Floan, librarian; Catherine Khurry, nurse; Yula Moore, guidance director and parent education; Blanche Adams, from San Bernardino, attendance and home visitation; Evelyn R. Peterson, secretary; Fern Hartkey, clerk.

Jimmy Cooper Here On Visit

Jimmy Cooper, well known Villager, now on a U. S. tanker in the Merchant Marine, was in the Village yesterday on a brief visit. He has just returned from a trip to Alaska.

He reported back to San Pedro last night as set forth on another tour of the Pacific.

"It's a great life—but for me the desert and as soon as possible," he said.

Pay your telephone bill before the 30th and receive a discount.

For Essential Transportation—U-Drive Cars. Phone 4444.

First Date for Christmas Mail Overseas, Sept. 15

Postmaster R. M. Gorham today reminded Villagers who have kin still in the service and overseas that Christmas packages for them must be mailed between Sept. 15, a week from tomorrow, and October 15, to insure delivery by the holiday.

"And you had better mail your packages nearer to Sept. 15 than Oct. 15," he said.

Regulations remain essentially the same as last year. All packages are limited to five pounds.

Packages may be sent to naval personnel at any time, but a written request is required for Army packages except during the month specified, Postmaster Gorham said.

Canning Sugar Is Again Available

Issuance of sugar for home canning — halted August 13 so that an estimate of the supply remaining could be made—will be resumed at once at all district ration boards, Frank S. Balthis, Jr., OPA district director, announced this week. Applicants will be limited to a maximum of five pounds per person, he said.

The over-all supply of sugar, Balthis said, is at an extremely low point and little improvement can be expected soon. "Undoubtedly," he said, "rationing of sugar will have to continue for many months — otherwise, inequitable distribution would certainly result."
